

## How to connect eduroam (Android)

Description:	This guide describes how to connect eduroam using Android Operating System.
Updated Date:	March, 2018

### Step 1.

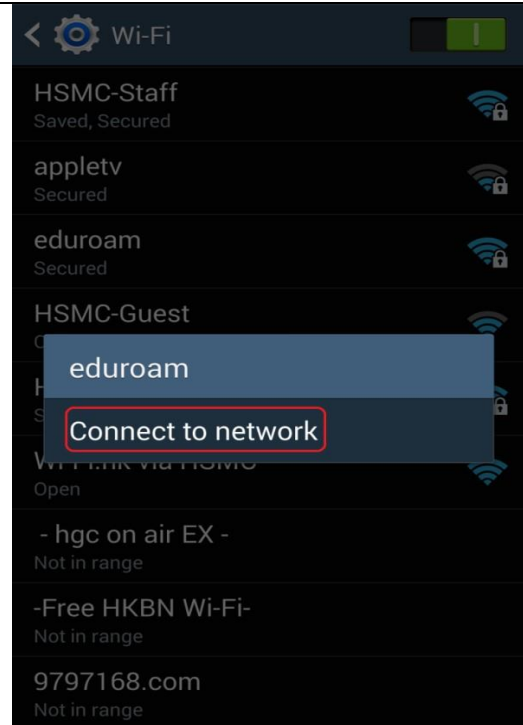

Go to "**Setting**", enable "**Wi-Fi**" connection, select the Wi-Fi network (SSID) named "**eduroam**".

## Step 2.

Select "**Connect to network**".

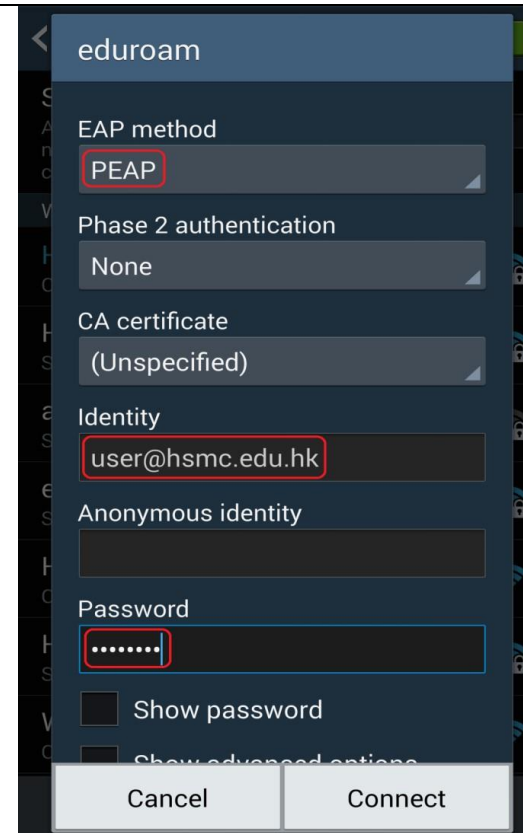

## Step 3.

Enter the information as below:

- EAP method: PEAP
- Identity: HSMC email account  
(i.e. user@hsmc.edu.hk where "user" is your own email account)
- Password: Your own eduroam password  
(Click [here](#) to activate your account and password)

Press "**Connect**".

#### Step 4.

"**Connecting...**" will be shown, please wait until the connection is completed.

#### p 5.

Once **eduroam** is "**Connected**", you may start to use WiFi.
