

ITSC User Guide

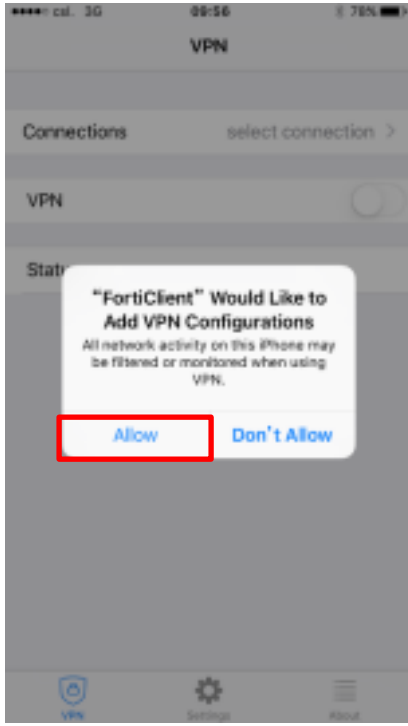

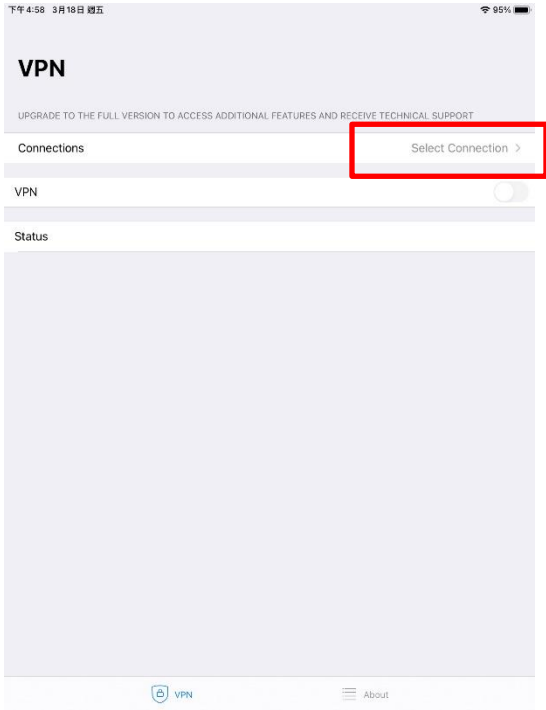

Title:	How to connect SSLVPN (iOS version 9.0 or above)
Description:	This guide describes how to use “FortiClient” to connect SSLVPN in iOS version 9.0 or above. In doing so, your iOS devices may connect into our campus network via VPN, and you will be able to access campus applications and library resources as if you are on campus.
Issued Date:	2016-12-05

Background

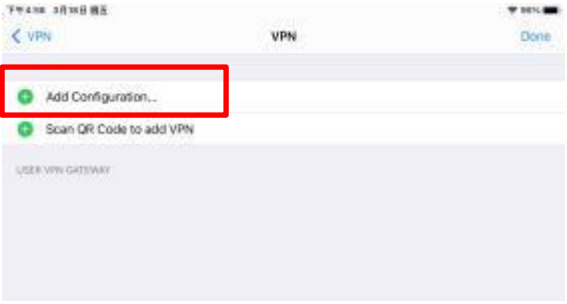

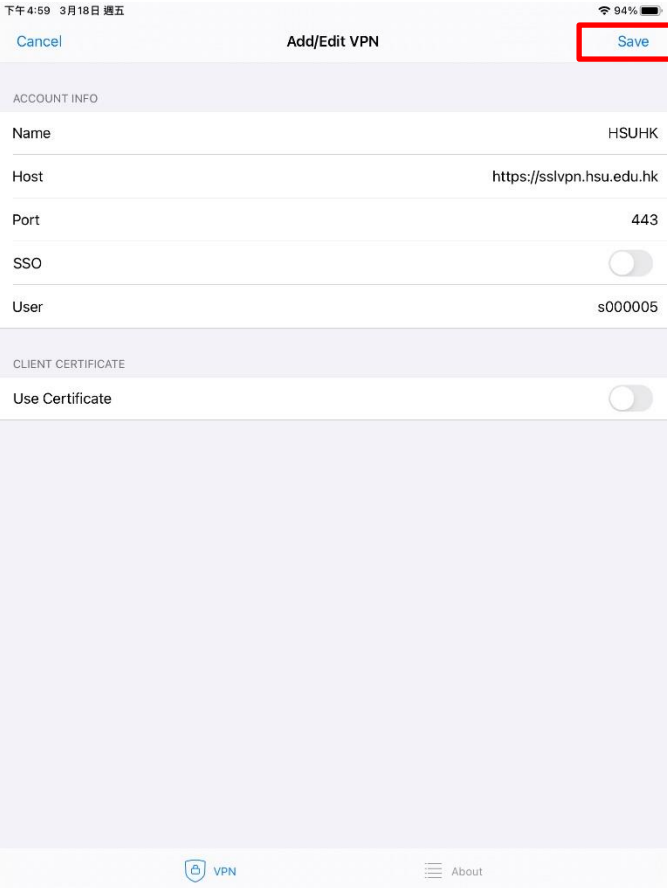

HSUHK is offering SSLVPN service to staff and students. It is found that staff/student may need to disable IPv6 in their Windows Computer to work with SSLVPN.

Steps		Screens
1.	Install “FortiClient” from iOS App Store.	
2.	Run the Application	

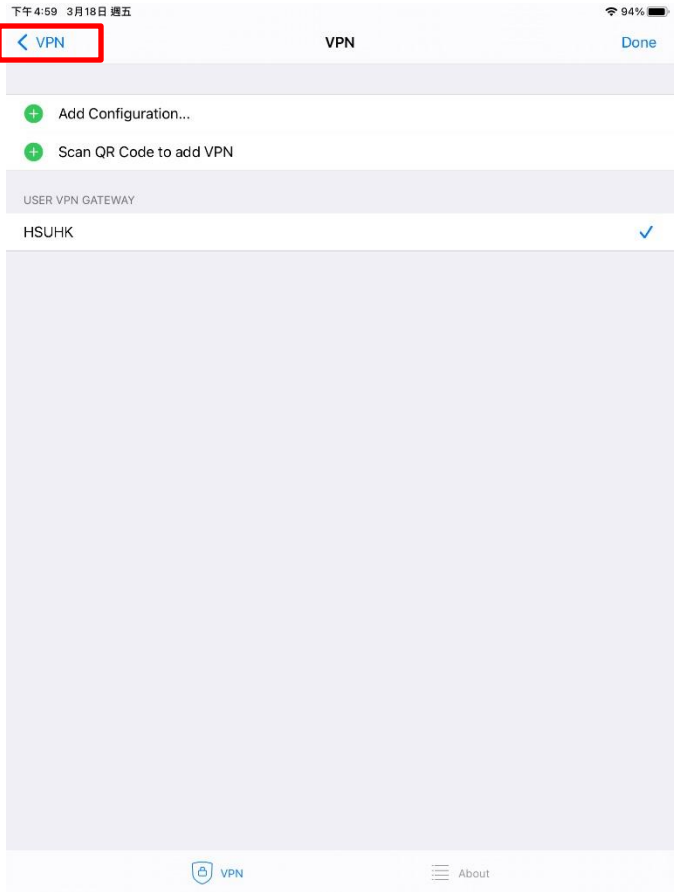

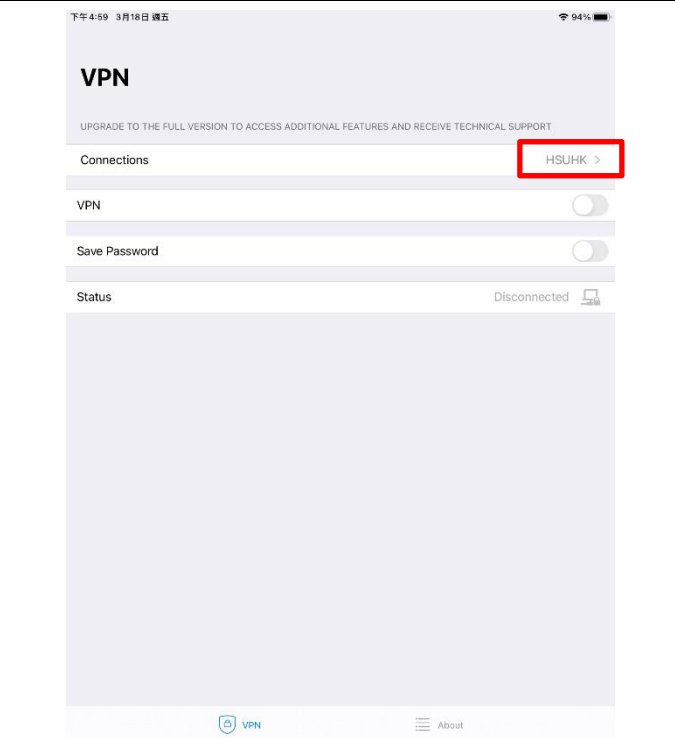

<p>3. FortiClient will add a VPN configuration to iOS, click “Allow” to continue.</p> <p>If the message did not exist, please skip this step.</p>	
<p>4. Click “select connection”.</p>	

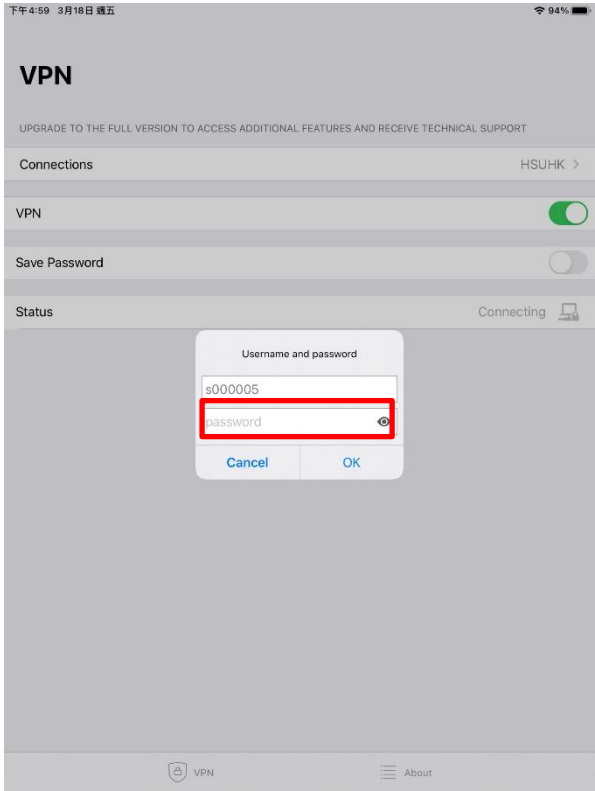

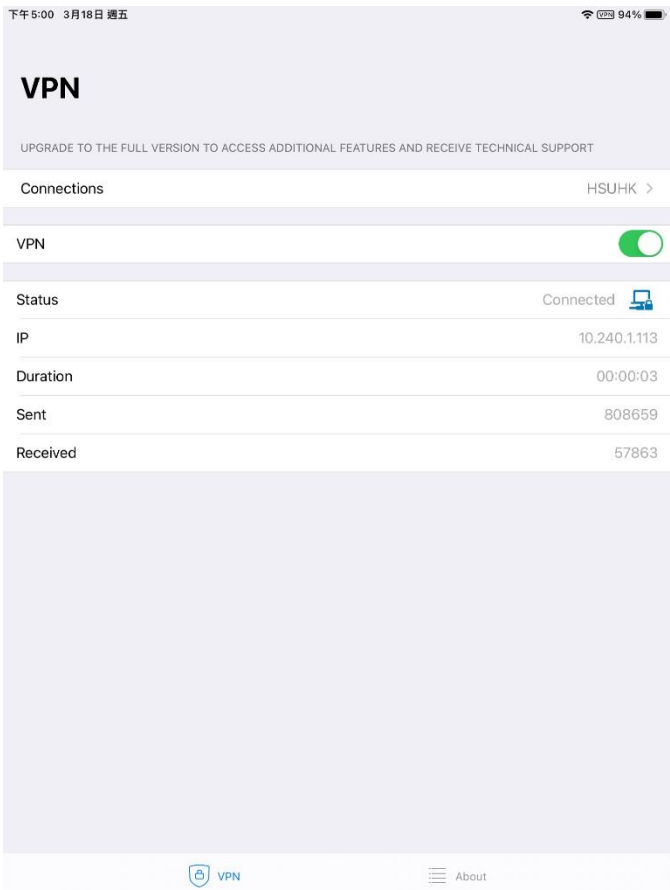

5.	Click “Add Configuration...”.											
6.	<p>Fill in the profile information</p> <p>Name HSUHK SSLVPN Host sslvpn.hsu.edu.hk Port 443 User MyHSU account username (Student ID for student) (E.g. S000005)</p> <p>Click “Save”.</p>	 <p>Account Info:</p> <table border="1"><tr><td>Name</td><td>HSUHK</td></tr><tr><td>Host</td><td>https://sslvpn.hsu.edu.hk</td></tr><tr><td>Port</td><td>443</td></tr><tr><td>SSO</td><td><input type="checkbox"/></td></tr><tr><td>User</td><td>s000005</td></tr></table> <p>Client Certificate:</p> <p>Use Certificate <input type="checkbox"/></p>	Name	HSUHK	Host	https://sslvpn.hsu.edu.hk	Port	443	SSO	<input type="checkbox"/>	User	s000005
Name	HSUHK											
Host	https://sslvpn.hsu.edu.hk											
Port	443											
SSO	<input type="checkbox"/>											
User	s000005											

7.	Click return	
8.	Click the VPN button to connect to HSUHK SSLVPN.	

<p>9. Enter your MyHSU account password.</p> <p>Click “OK”</p>	 <p>The screenshot shows the VPN app interface. At the top, it says 'VPN' and 'UPGRADE TO THE FULL VERSION TO ACCESS ADDITIONAL FEATURES AND RECEIVE TECHNICAL SUPPORT'. Below that, there are sections for 'Connections' (HSUHK >), 'VPN' (with a green toggle switch), and 'Save Password' (with a grey toggle switch). The 'Status' section shows 'Connecting' with a laptop icon. A modal dialog box titled 'Username and password' is displayed in the center. It has two input fields: the first contains 's000005' and the second is labeled 'password' and is highlighted with a red rectangular box. At the bottom of the dialog are 'Cancel' and 'OK' buttons.</p>
<p>10. Now you may access HSUHK internal resources with your browser.</p> <p>To disconnect the VPN, please click the VPN button again.</p>	 <p>The screenshot shows the VPN app interface after a successful connection. The 'Status' section now shows 'Connected' with a laptop icon. Below this, there is a list of connection statistics: IP (10.240.1.113), Duration (00:00:03), Sent (808659), and Received (57863). The 'VPN' toggle switch remains turned on. At the bottom, there is a 'VPN' button with a shield icon and an 'About' button with a menu icon.</p>
